

## eBooks-On-Demand-Network Opening Publications for European Netizens

### This project intends

to make 15 000 textual documents from the 20th and 21st century available digitally

to reach more than 1 million people in Europe, particularly young people and those with special needs

to spread best practice in rights clearance among the professional community internationally

**Help us open up hidden knowledge:  
tell us what to digitise!**

**eodopen.eu**

Co-funded by the  
Creative Europe Programme  
of the European Union
